

Bundle Turner for Corrugated Carton

C-BT

C-BT Bundle Turner is designed for turning the bundle for downstream strapping operation. It is an ideal machine for connecting the casemaking line to strap with carton flute.

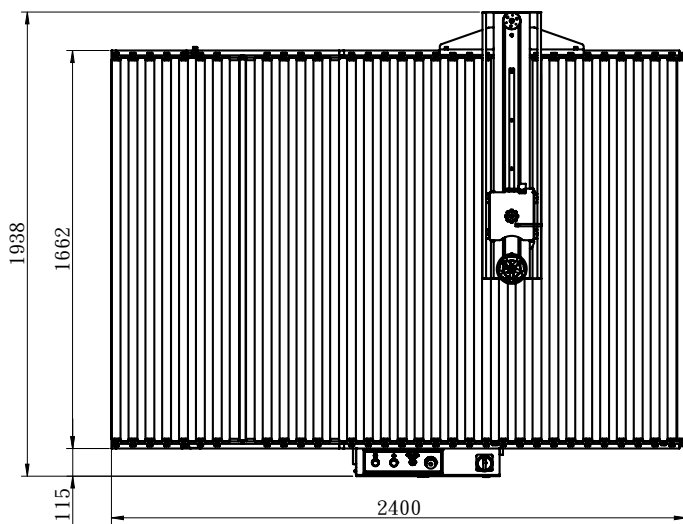

C-BT Bundle Turner for Corrugated Carton

Main Features

- Suitable for various bundle dimensions
- Adjustable table height from 700 mm to 1000 mm
- Up and down stream interlocks with complete plug connection
- Durable frame coated with power-coating finish

Combine with TP-701CCO for squaring and strapping with the flute
